## LAST CALL FOR DUES

October 1st is the start date of the fiscal year for the Canton Amateur Radio Club. That is when your renewal dues are due. We give a two month grace period to December 1st. The new roster is made up deleting any that have failed to renew their membership. The enclosed list are those that have not renewed as of November 1st. You will also note a red "X" on the address label for those on this list. Our records show that your dues have not been received by our Treasurer Larry Schmader K8RMY. Here is the list of those that have not renewed for the 1993-1994 fiscal year, as of November 1st.

#### FROM A SNOWBIRD

Received a letter, or I should say a note, from one of the "Snowbirds". He is back at his Florida QTH, after taking a big side trip. He is Earl Snyder WA8AIU. And his wife Marylan now has her license. She is KB8PNA and I have not heard her on the air as yet but I am sure we will hear from her soon.

Their Florida address is as follows;

Earl & Marylan Snyder  
 46900 Bermont Rd - Unit 143  
 PUNTA GORDA FL 33982  
 Phone - (813) 639-3565

If you get down that way, drop in and remind him how nice the weather is here in Ohio, Hi. And now for the side trip.

Earl and Marylan, Nelson W8EAR and Polly Caley KA8OZM and a total of nineteen trailer travelers, met in Springfield OH and traveled in a caravan to Branson MO, to take in the sights and the Country Music Entertainers. Then on to Albuquerque New Mexico and the International Balloon Fiesta. Earl says it was spectacular to see up to 600 balloons overhead at one time. He said the area acts like a box canyon and allows the balloons to circle with the currents overhead. There were a total of four mass ascensions, allowing hundreds to fly at the same time. This is a nine day event, with something to entertain visitors all week long. There are other ascensions with specialties such as "Key Grab" and win a new car. If you fly close enough to grab the key from its 30-foot pole, the car is yours.

Twenty-Two years ago, the event started with 13 balloonists and now hosts more than 600 balloons with their pilots and crews. They estimate over 1.4 million will be in attendance this year. And they have extensive television coverage so that the entire world can witness this spectacular event. Unfortunately, one of the balloons hit some wires, severing the basket from the balloon and the pilot and passenger fell to their death.

Thanks Earl for sending the info and sharing the event with us.

#### STOLEN

During the Louisville Constitution Days events, someone broke into a car and stole 12 Kenwood TK-340 handheld commercial radios and two ganged chargers with some spare batteries. They operate in the 460 Mhz band.

These radios were loaned to the officials for their use. They were not insured by the Louisville officials and will cost around \$8000 to replace. If you have a scanner and hear activity on 464.50, 464.55, 462.575, 462.625 or 462.675 that does not sound like a business type conversation, call Dave WD8AYE on 875-7210 or Jeff Kinsley KB8CDD of CCI Communications on 497-7715. Or if you see any Kenwood handhelds for sale, please contact one of the above.

#### SPECIAL SANTA NET

The Alliance Amateur Radio Club would like to invite all licensed Hams to check into a Special Santa Net on December 16th at 8:00 PM local time, on the 145.37 Alliance repeater.

On this net, we will be trying to contact the North Pole and talk to Santa Claus.

So all you Grandpa's and Grandma's, Mom's and Dad's gather the little ones around the radio and get ready for some fun. The format will be open to the little ones to say what is in their little hearts (Oh by the way, the age is from 1 to 101). If someone has the feeling of Christmas in their heart and wants to talk to Santa, go ahead. You do not have to belong to the Alliance Radio Club to check in. If you read this and hold a license, please get a believer in Santa and check in on December 16th. The more the merrier.

Jim Wilson KB8GHZ

#### NEW SPECIAL ARRL AWARDS CHAIRMAN

The ARRL has a new program whereby a volunteer from a Special Service Club can issue Special Award Certificates to the members. The four certificates are the "Rag Chewers' Club Award", "Old Timers Club Certificate", and "Certificate of Merit" to those deserving of this. In the November QST, the ARRL has announced a new "ARRL Friendship Award"

The Rag Chewers' Club is designed to encourage friendly contacts and discourage the "Hello-Goodbye" type of QSO. To get the certificate, chew the rag with a member of the Rag Chewers' Club for at least a solid half hour of conversation. Send a card to our chairman reporting the QSO. Then have the member station send in a card also to verify the QSO.

The "Old Timers Club" is open to anyone who holds an Amateur call at the present time and who held an Amateur license 20-or-more years ago. If you qualify as an "Old Timer", send in a brief chronology of your ham career, being sure to indicate the date of your first Amateur license and your present call. If the evidence submitted proves you eligible for the OTC, you will be added to the roster and will receive a membership certificate.

The "Certificate of Merit" certificate speaks for itself.

The "ARRL Friendship Award" is available to any ARRL member who submits log extracts that show two-way communications with 26 stations whose call signs end with each of the 26 letters of the alphabet. Log extracts should indicate the contact date, call sign, name, location and another fact about the person contacted. Fill out the special application form and give to our Awards Chairman. Contacts must be made after November 1, 1993 to qualify.

Our new Volunteer Awards Chairman is Dag W8LVL. He has the packet received from the ARRL and is ready to start issuing the certificates to those qualifying for the above awards.

If you as a CARC member, hold a Rag Chewers' Certificate, contact Dag so he knows who we can work for the certificate.

## CARC MINUTES, OCTOBER 20, 1993

Gary, KG8BH, opened our meeting at 7:30 PM, with a round of introductions of 66 including 9 guests.

SECRETARY REPORT: Minutes were approved as published in the Feedline.

TREASURER REPORT: Current balance is \$2,908 in the treasury and was approved by the members.

OLD BUSINESS: Chuck, N8LIV, said that he will keep posting the times the space satellite can be heard on the KA8Z Bulletin Board.

Gary, KG8BH, requested a volunteer to handle ARRL certificates again and explaining that you don't have to be a 20 year Ham.

NEW BUSINESS: Alinco is offering special rebate coupons. See Sandra.

Dale, KB8LWP, announced a meeting will be held Monday, November 15 for Field Day preparations after the Trustee Meeting.

Also, Dale said his new 220 repeater should be ready in November.

Roger, WA8AHK, mentioned Brad AA8HK, will be instructing Novice, No-Code Tech and Tech Plus classes on Saturdays, starting October 23 at 10 AM, code at 12 PM at ETI Technical College.

Art, W8FEC, announced the Malvern area club will have Novice and No-Code Tech classes held Fridays 7:30 PM at Bethlehem Presbyterian Church.

ANNOUNCEMENT: Congratulations to Bill, K8JZN, and Mickie on your 48th Anniversary today!

W8EK REPORT: On October 10th, Ken, Sue, N8AJU and Stephen, attended the Ohio Section Conference in Columbus. At this conference, Dave N8AUH, our Section Manager, wanted everyone aware of new scanner law. Now we are safe driving thru New Jersey and Kentucky with our 2 meter rigs on because of their police frequencies can be heard over the 2 meter band, providing we don't commit a felon.

Emergency Management Association is facilitating Amateur Radio communications in the emergency service.

There are only 370 Special Service Clubs in the country, 25 are in Ohio. There are 132 affiliated clubs in Ohio.

FCC has a new updated schedule for fines. Some of them are:

\$20,000	Misuse of distress and safety frequencies
\$20,000	False Distress communication
\$18,750	Failure to permit inspection of your station
\$17,500	Malicious interference
\$10,000	Exceeding power limits
\$10,000	Failure to respond to FCC communication
\$10,000	Using unauthorized frequency
\$ 1,250	Failure to ID your station
\$ 625	Assorted minor violations

These fines can be adjusted even upward 50 to 90 percent according to your ability to pay, etc. Look Out!! with the "etc".

PROGRAM: Jerry, KF8EB, and Gary, WC8W, from the Massillon Amateur Radio Club, presented a very informative program pertaining to Safety Breaks, since we are planning to have one next year.

50/50 DRAWING: Jerry, KA8AHF, won \$22.50. Lucky!!

The meeting was adjourned at 8:45 PM, for coffee, donuts and great Eyeball QSO's.

Respectfully Submitted,

Sandra Day, N8TZB, Secretary
